Summarize

Comprehension "EPRC" (Every Pupil Response Cards)

- For use in shared reading or guided reading.
- Give every student a set of laminated cards copied on colored cardstock. Can be attached on silver ring or stored in Ziploc bag.
- Shared reading: Read text aloud. Have students hold up a card when they use a comprehension strategy. Stop and allow that student to elaborate on his/her thinking.
- Guided reading: Lay out 2-3 strategy cards for students to use with their assigned reading. Have them record their thinking in their response journals.
- You can use one or several strategies at a time once they have all been taught explicitly.
